

The League of Women Voters of Chemung County November 2016 Newsletter

The Chemung Co. League has had a busy fall with an eye to November elections:

- In Sept. the League, NAACP and EOP sponsored a “What You Need to Know Before You Vote” meeting. The speakers were the county chairmen of the Democratic and Republican parties.
- In October the League and AAUW held a joint meeting with speakers from the Citizens Climate League. The topic was global warming and how it can be slowed/stopped.
- Also in October the League participated with a booth at Elmira College’s Octagon Fair. We registered voters , passed out League information and made our annual straw poll of issues available . Ninety- six people took the poll.
- In November the League paired with the NAACP, Chemung Co. Council of Women and the YWCA for a candidates’ Forum. It featured candidates for County Judge, State Senator, State Representative and other local candidates. There were about 90 people in attendance.
