THE LEAGUE
OF WOMEN VOTERS
of New York State

June 13, 2011

Attorney General Eric T. Schneiderman
Office of the Attorney General
The Capitol
Albany, New York 12224-0341

Dear Attorney General Schneiderman:

We enclose a copy of the letter recently sent to Commissioner Martens of the New York State Department of Environmental Conservation. We believe the referenced research about the bonding of uranium with the gas facing extraction has potentially grave consequences for the state and the health and safety of its citizens. This concern is in keeping with the State Legislature's own prohibition on mining for uranium pursuant to Article 22 of the Environmental Conservation Law.

If you have further questions, do not hesitate to contact us.

Sincerely,

A handwritten signature in black ink, appearing to read 'Betsey B. Swan'.
