

SIMPLIFICATION OF ELECTION LAW

A major recommendation of the LWVNYS's 1963 election position was the need for a complete recodification of the Election Law. During the following decade, a Select Committee on Election Law worked on recodification, with advice and encouragement from the League. When the results were introduced in bill form, the League lobbied through three legislative sessions, finally achieving a recodified law, which became effective December 1, 1978.
