Re: Establishing a Commission for the NY Women's Suffrage Centennial

Dear Governor Cuomo:

On this 200th anniversary of Elizabeth Cady Stanton's birthday, we urge you to sign the legislation (A1019) creating the Commission for the NY Women's Suffrage Centennial. New York State has a critical role in the history of the women's suffrage movement nationwide and it is, therefore, appropriate that a Commission be established to implement events and programs to celebrate these key accomplishments during the centennial year of 2017.

We urge you to sign this legislation now so the Commission can begin its important work.

Sincerely,
